

Commercial Window Cleaning

**As building architecture becomes more creative,
do you struggle to reach all areas?**

PWC Access have been established for over ten years, during this time we have developed exceptional experience in the commercial cleaning industry.

PWC Access have built their business on maintaining high levels of customer satisfaction. This is why most of our customers are staying with us and our reputation is attracting new clients.

**Do you have sites throughout the UK?
If so, do you find it difficult to get national coverage?**

PWC Access have grown into a national company being able to care for sites throughout the UK. But we still maintain the standards of service and safety second to none.

Having problems with your access maintenance engineers and cleaning contractors?

PWC Access can provide both cradle maintenance and cradle window cleaning combined, taking the hassle out of multiple contractors and reducing time spent trying to contact the right person.

Can't find a contractor you can rely on to do a job safely?

PWC Access has a dedicated Health and Safety manager, with years of practical experience.

We carry out full method statements and risk assessments. We have been audited and are full members of; Safe Contractor, CHAS, IRATA, British Safety Council to name a few.

Losing contract potential for not being able to carry out all working at height tasks safely?

PWC Access can help. We can carry out the full task not just the high level areas. PWC Access work along with a number of major clients acting as there access support service. We would be happy to subcontract or even communicate with the client direct on your behalf. PWC Access do not favour one form of access over another, we work in line with the CDM regulations 2005 and the clients needs.
