- Focus on problem prevention

ATLAS ACCESS BENEFITS

SAFETY

Minimal operations risk. Highly-skilled expert teams. Unique twin-rope system with best accident/injury record worldwide. Falls and dropped objects are eliminated.

TIME

Fast mobilisation of highly-trained professionals. Light-weight & extremely portable/mobile equipment.

COMMUNICATION

Single point of contact allowing to effectively liaise with contractor.

FLEXIBILITY

Highly adaptable access solutions which require minimum time to set up and remove.

PRODUCTIVITY

Our access systems can be used in harsh conditions without major disruption to production nor interference.

EQUIPMENT

Our equipment is composed of light weight alloys, nylon ropes & webbing, easy to transport even for limited helicopter cargo capacity.

ENVIRONMENTAL FOOTPRINT

Light weight, non-obstructive access solutions guarantee minimum disruption to structure, plant or coating.

Atlas Access operates under stringent IRATA guidelines & Quality Management System that is compliant with ISO 9001:2000.
