

Training

TRAC have a dedicated in-house training division offering a full range of approved courses. These vary from 1 day PTS (Personal Track Safety) refreshers to full IRATA (Industrial Rope Access Trade Association) training courses.

trac

Courses are run from our first class facilities in Aberdeen, Central Belt Scotland and Chesterfield. Tailor made courses may also be held at clients' premises, depending on facility and requirement.

Training Services include:

- **IRATA**
- **Working at height**
- **Track safety**
- **Confined spaces**
- **First aid**

Training

Training

IRATA training scheme

Rope access training and assessment to Levels 1, 2 & 3.
