

+We are committed to offering the best height access services at the most competitive price.

Gecko Vertical Access was born to meet the requirements of the current world's architectural challenges by a group of highly experienced rope access technicians. We are quickly establishing ourselves as safe, competitive, and enthusiastic business. We are HSE (Risk management: Health and safety in the workplace) compliant and are fully trained for working at heights.

## What We Do Best

We provide a unique and efficient solution to difficult access work all over the UK.

Rope access solution guarantees lower maintenance costs, offers a quicker and safer service, and saves your business from unnecessary and costly bureaucratic requirements like permits needed to work with traditional and machine operated means of access.

## Our Qualifications:

- Red Cross CPR, First Aid, AED Certified
- IRATA International Rope Access Levels 1, 2, and 3 Certified
- IPAF Certified
- Fall Arrest Specialist
- Confined Space Certified
- City of Guilds Certified
- Construction Fixings Association Approved Tester

---

## Key Offerings
