## ABOUT US

International qualification and training center “IQTC” is an independent educational institution registered in Latvia. The center is an exclusive and an authorized training partner of the TÜV Rheinland Akademie in the Baltic States. The training center offers both legal entities and individuals various professional development courses, seminars and trainings for the further growth in the industrial and service sectors.

The “IQTC” is the educational institution of continuing education and the professional development, registered in the State Education Quality Service of the Republic of Latvia. The IQTC management system is certified in accordance with the international standards ISO 9001:2008 and OHSAS 18001:2007 as well as accredited according to the regulations of the Safety Certificate for Contractors (SCC).

The mission of the “IQTC” is to train professionals according to the European standards, by providing the in-depth theoretical knowledge combined with the practical skills in the real work environment. Thanks to our close cooperation with the foreign partners and the local companies, our training center has designed a unique practice-oriented system for the training of the future specialists. The study programs are based on the modular education system and are designed for the specialists with different professional backgrounds. The study modules are highly adaptable and can be easily adjusted to the individual needs and preferences.

The “IQTC” teachers are the prominent professionals in their sectors with a rich personal and pedagogical work experience. The pedagogical training of our teachers takes a place in the internationally acclaimed professional educational institution TÜV Rheinland Akademie in Germany, where the newest teaching methods and best practical work experience is acquired in cooperation with the specialists with various levels of professional qualification.

**In cooperation with the TÜV Rheinland Akademie the training center “IQTC” offers more than 12 000 different courses and seminars. With the support of our professors, we can design the study programs that suit the individual requirements of our clients.**

Irina Bausova  
Director of the training center

Teach me and I may remember.  
Involve me and I learn.”***  
/Benjamin Franklin/

## COURSES, SEMINARS AND TRAININGS – STANDARD OFFER

The standard offer of the training center “IQTC” contains courses in such sectors as electrotechnics, welding, non-destructive testing, renewable energy, HSEQ management, project management and foreign languages.

### RENEWABLE ENERGY

Nr.	COURSE TITLE	HOURS
1.	Inspection, repair and maintenance of wind turbine rotor blades	174
2.	Inspection, repair and maintenance of wind turbine	160

### NON-DESTRUCTIVE TESTING

Nr.	COURSE TITLE	HOURS
1.	Magnetic-particle testing method (MT)	40
2.	Penetrant testing method (PT)	40
3.	Visual testing method (VT)	40

### WELDING

Nr.	COURSE TITLE	HOURS
1.	Welding process training course involving welding simulator SOLDAMATIC	20
2.	Welding process training course involving welding simulator SOLDAMATIC	40
3.	Shielded metal arc (MMA) welding process	480
4.	Metal active gas arc (MAG) welding process	480
5.	Tungsten inert gas (TIG) welding process	480
6.	Welding supervisor (TÜV)	80
7.	Modular training of electric arc welding process. Welder certification according to EN ISO 9606-1:2013	from 16
8.	Theoretical preparatory course for the acquisition of the specialty “International welding specialist (TÜV)”	80
9.	Corrosion protection and surface treatment	40
10.	Corrosion protection and surface treatment inspector	80

\* TÜV (Technischer Überwachungsverein) - Technical Inspection Association in Germany

## ELECTROTECHNICS

Nr.	COURSE TITLE	HOURS
1.	Electrical Safety for non-electrotechnical personnel (EuP)	16
2.	Electrician preparation (training for the beginners) (EFFT)	24
3.	Electrician preparation (basic training)	80
4.	Electrician	640
5.	Operating on cable lines with the voltage under 1kV	40
6.	Operating on cable lines with the voltage under 35kV	40
7.	Access course of electrical equipment functional switching and operation up to 30 kV	32
8.	Access course of electrical equipment functional switching and operation up to 110 kV	32
9.	Measuring and testing of electrical devices	16
10.	Work under active voltage	24

## HSEQ MANAGEMENT

Nr.	COURSE TITLE	HOURS
1.	Safety, Health and Environment according to 017 SCC (Safety Certificate for Contractors) standards (training for managers)	24
2.	Safety, Health and Environment according to 018 SCC (Safety Certificate for Contractors) standards (training for operative employees)	24
3.	Basics of quality management system according to standard ISO 9001:2015	8
4.	Quality management specialist (TÜV)	32
5.	Quality manager (TÜV) module 1	32
6.	Quality manager (TÜV) module 2	32
7.	Quality management system manager (TÜV) module 1	32
8.	Quality management system manager (TÜV) module 2	32
9.	Quality management system manager (TÜV). Preparation for the PersCert exam	8
10.	Quality auditor (TÜV)	40

\* TÜV (Technischer Überwachungsverein) - Technical Inspection Association in Germany

## PROJECT MANAGEMENT

Nr.	COURSE TITLE	HOURS
1.	Methods and tools of project management	40

## FOREIGN LANGUAGES

Nr.	COURSE TITLE	HOURS
1.	English language beginner level (A0 - A1.1)	60
2.	English language elementary level (A1.2 - A2)	60
3.	English language pre-intermediate level (A2-B1.1)	60
4.	English language intermediate level (B1)	60
5.	English language upper intermediate level (B2)	60
6.	Business English language pre-intermediate level (B1)	60
7.	Business English language upper intermediate level (B2 - C1)	60
8.	German language beginner level (A0 - A1.1)	60
9.	German language elementary level(A1.2 - A2)	60
10.	German language intermediate level (B1)	60

You can apply to the courses by calling  
**+371 66 154 330** or **+371 27 007 651**,  
by sending an e-mail **info@iqtc-riga.eu** or  
by filling an electronic application form on our website **www.iqtc-riga.eu**  
in the section „Courses at a Glance” – “Registration”.

**We welcome everyone who is interested in professional growth,  
wish to become international specialist and take the leading  
positions in the labor market.**
