

CITB Site Supervisor Safety Training Scheme (SSSTS)

Course Aim

To ensure those with site supervisory responsibilities understand why they are carrying out their identified duties, what is expected of them and that they contribute to the safety of the workplace.

Who Should Attend?

First line managers - those who have, or are about to acquire supervisory responsibilities who require an understanding of legal responsibilities relevant to their work activities. The course provides a sound knowledge base enabling them to give valuable assistance in safely managing a construction site.

Duration 2 days

Agenda

- Health and safety law
- Developing a health and safety management system
- Occupational health
- Fire prevention and control
- Risk assessment and method statements
- Hazardous substances
- CDM regulations
- Working At Height
- Personal Protective Equipment
- Manual handling
- Accidents and first aid

Certification

Delegates successfully completing the course will be awarded a CITB Construction Skills Certificate.
